

Endurance International Group Now Offers Microsoft Premium Cloud Email Solutions For Small Businesses

BURLINGTON, Mass., Feb. 7, 2019 /PRNewswire/ -- Endurance International Group (NASDAQ:EIGI), a leading provider of cloud-based platform solutions designed to help small and medium-sized businesses succeed online, today announced that it now offers Microsoft Office 365 to customers across its [Domain.com](https://www.domain.com) and [Bluehost](https://www.bluehost.com) brands. Customers of each brand can choose from three Office 365 packages designed for small business.

"We are proud to offer our customers a reliable, premium email solution and productivity tools to support their small business growth strategies," said Mitch Haber, senior vice president of corporate strategy and partnerships, Endurance International Group. "Since introducing Microsoft Office 365 to our Domain.com customers in late 2018, we have seen a great response."

Office 365 provides the small business owner with a suite of applications that makes it easy to create, collaborate and streamline operations. In addition to the market-leading Office products, Microsoft Word, Microsoft PowerPoint, Microsoft Excel, and Microsoft Teams, Microsoft offers excellent time-saving tools such as online scheduling and customer invoicing. Especially necessary for small businesses, Office 365 includes built-in security features that help deflect malware, spam, phishing attacks and other threats. These key features allow small businesses to focus on their growing business rather than their IT needs.

"We're pleased that Endurance has chosen to offer Microsoft Office 365 to its small business customers, giving them easy and supported access to productivity tools being used by some of the most successful businesses in the world," said Ron Markezich, corporate vice president, Microsoft 365 Commercial Marketing. "Endurance's focus on small businesses combined with Microsoft's product history will benefit even more companies, whether they're seeking to upgrade how they do business or simply starting out."
